women and power in neo assyrian palaces by saana svärd
may 21st, 2020 - power in general and women’s power in particular has been understood mostly in a hierarchical way in earlier research on mesopotamian women. hierarchical power structures were important in mesopotamia but other kinds of power structures existed as well this study which focuses on women in the palaces of the neo assyrian empire c 930-610 bce draws attention to heterarchical power
